

Little Caesars Roller Hockey at Joe Dumars' Fieldhouse

**Youth League Schedules will be posted on April 22nd, 2010.
Adult League Schedules will be posted on April 29th, 2010.**

2010 Winter House League Information

The deadline to register for a youth house team is Sunday, April 18th.

To be put on a house team roster a player must have filled out a registration form, submitted payment, and must be a current LCRH member.

In order for us to consider a player or coach request we must receive it in writing on the registration form PRIOR to the deadline. Any registration taken after the deadline may be subject to late fees and the LCRH will not accept player or coach requests at that time.

The first week of the season for all house divisions other than 17U is a practice week. Each team will then have 11 league games and is guaranteed 1 playoff game. 17U will play a 12 game season with 1 guaranteed playoff game. Additional practices can be booked out by the coach throughout the season.

Schedules, Standings, and stats can be found by clicking on the top, horizontal bar under the heading 2009 Fall House League Stats and Standings.

Every effort is made to be sure that teams are created as equal as possible. Sometimes a group of kids like to play together; as long as the rest of the teams can be built to not give any one team an unfair advantage we may allow this. Many factors outside of our control lead to games being lopsided. These include a goalie being out or injured, a strong player missing a game, a couple beginner players missing a game, kids being tired, etc. **The LCRH reserves the right to make roster adjustments at any point of the season but every effort is made to have all rosters final by the start of the 4th game of the season. The first players to be asked to move will be those that registered late and goalies. Many times, it is the overwhelming number of players that come in after the deadline that leads to uneven rosters.**

2010 Spring Payment Policies for both House and Open Leagues

Absolutely nobody will be permitted to play in a game or practice without the following:

- Must be a current LCRH Fieldhouse member
- If on multiple teams; Must have paid at least one of their team fees in full prior to their first game or, in the case of an open player, has paid the \$100 minimum at Game #1.
- If an open team has not paid 50% of their overall team fee at Game #1 than no player from that team will be permitted to play.
- Once a team has reached their 4th game the team fee must be paid in full. At this game it does not matter who is present, how many skaters are on the roster, or what the situation may be. The full team fee will be due. (in most cases \$1600)
- Goalies are subject to a one time fee of \$50 per season and should not be counted in to your teams' finances. They must pay this \$50 prior to game #1. This allows them to play on as many teams as they want.
- Two-team discounts still apply in the amount of \$50 off of your 2nd team fee. This can only be applied once one team is paid in full.
