### Beginner/Intermediate Camp

This camp is our house league players that strive to get to the next level. Players should have at least one season in our house leagues. When needed players will be split up by talent level although all the kids will be learning the same fundamentals. Participants will be put through drills to work on proper skating techniques including forwards, backwards, cross-overs, and pivots, as well as passing and shooting. We will also cover some dryland training activities that the new player can use to help them with their hockey game.

Required equipment: Full inline hockey gear along with athletic shoes for off-floor activities.

### Advanced/Elite Camp

This camp is for the advanced player that wants to get to the next level. Players should have multiple seasons of experience in open leagues. Drills will be done in a high tempo fashion with game-like situations in mind. Participants will be put through intense drills for power skating, passing, and shooting. This is also a conditioning camp. We will also cover some dry land training as well.

Required equipment: Full inline hockey gear along with athletic shoes for off-floor activities.

\* Dryland will not be an intense workout but will focus on educating young hockey players on things they can be doing to improve their game when not at the rink. There will be some circuit training involved so everyone will need to bring their gym shoes and sweats. Nutritional hand-outs will be provided as well.

### What you can expect Each Day!!!

Each day participants will go through 90 minutes of drills to work on different aspects of their game. Topics covered will be Power Skating, Stickhandling, Shooting, and Passing. There will also be a 45 minute controlled scrimmage daily which will allow the kids to put their hard work to use in a game. The best way for most kids to learn and love the game of hockey is by dropping the puck and letting them play.

- Lunch will be provided daily
- Giveaways and prizes awarded throughout the week
- High ratio of Instructor/Student ratio
- Early drop off and late pick up service will be made available.  
( Meaning if you need to drop off your child at 9:00am and pick him/her up at 5:00pm we will make sure they are supervised; additional fee may apply.)

Chad is one of the head coaches in the Tour Bordercats organization and brings a wealth of knowledge to the floor.

## Brandon Hawkins

Brandon, known as L'il Hawk around here, possesses one of the best shots in the business no matter what level you want to compare it to. While only 16 years old he has had a stick in his hand and skates on his feet for 13 years. (we're pretty sure he sleeps with his stick!!). Kids love the way Brandon teaches the game and you cannot ask for a better role model for our young players. Just this past season his Midget team, Summit, won the National Championship in Washington D.C.
